

| Tuesday 28/11 | | |
|-----------------|---|---|
| 10:00-10:15 | Anne-Hélène MONSORO-BURQ, U. Paris Saclay, Institut Curie, FR | Colloquium General presentation |
| 10:15-11:15 | Valerie CASTELLANI, INMG, FR | Drawing parallels between malignant cell dissemination and developmental processes |
| 11:30-12:30 | Céline DELLOYE-BOURGEOIS, CRCL, FR | Cancer Neuroscience and Metastases in Pediatric Malignancies |
| 12:30-14:00 | Lunch | |
| 14:00-15:00 | Olivier AYRAULT, Institut Curie, FR | What Are Medulloblastomas? |
| 15:00-15:20 | Coffee Break | |
| 15:20-16:20 | Lucia DI MARCOTULLIO, Sapienza University, IT | New multi-targeting approaches in Hedgehog-dependent medulloblastoma |
| 16:30-17:30 | Tutorial for presentation | |
| | | |
| Wednesday 29/11 | | |
| 09:00-10:00 | Lukas SOMMER, University of Zurich, CH | Crosstalk between tumor cells and their microenvironment in melanoma disease progression and therapy response |
| 10:00-10:15 | Coffee Break | |
| 10:15-11:15 | Berta Lopez SANCHEZ-LAORDEN, CSIC, Alicante, ES | Phenotypic Plasticity in Melanoma |
| 11:20-12:20 | Carmit LEVY – Tel Aviv University– ISR | microRNA and DICER in differentiation and malignant transformation of melanocytes |
| 12:30-13:45 | Lunch | |
| 13:45-14:45 | Julie CAMEL - CRCL, FR | EMT-like cancer cell plasticity in melanoma |
| 14:45-15:00 | Coffee Break | |
| 15:00-16:00 | Poster session | |
| | | |
| Thursday 30/11 | | |
| 09:30-10:30 | Heinz ARNHEITER, NIH, US | MITF in pigment cells and melanoma: The complexity of its regulation at the protein level |
| 10:30-10:50 | Coffee Break | |
| 10:50-11:50 | Nikolay POPGEORGIEV - CRCL, FR | Bcl-2 family: critical regulators of Ca ²⁺ homeostasis |
| 11:50-12:30 | Lunch | |
| 12:30-14:00 | Round table: Publishing | |
| 14:00-15:00 | Reini LUCO - Institut Curie, FR | An epigenetically regulated splicing program essential for the epithelial-to-mesenchymal transition |
| 15:00-15:20 | Coffee Break | |
| 15:20-16:20 | Poster session | |
| | | |
| Friday 01/12 | | |
| 09:30-10:30 | Olivier LANTZ, Institut Curie, FR | Immunotherapy against Melanoma |
| 10:30-10:50 | Coffee Break | |
| 10:50-11:50 | Stephan VAGNER, Institut Curie, FR | Therapies in Cutaneous Melanoma |
| 11:50-13:20 | Lunch & Round table: Career | |
| 13:20-14:20 | Benoit LADOUX- IJM- FR | Mechanical behaviors of collective cell assemblies during migration and extrusion. |
| 14:20-14:40 | Coffee Break | |
| 14:40-15:40 | Irene BUVAT, Institut Curie, FR | Whole-body molecular imaging of cancer |
| 15:40-16:00 | Poster Prize announcement + Concluding remarks | |
